FOR THE 2025 VIRTUAL ANNUAL MEETING OF SHAREHOLDERS

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by management (“**Management**”) of Faraday Copper Corp. (the “**Company**”) for use at the virtual annual meeting (the “**Meeting**”) of the shareholders of the Company (“**Shareholders**”), to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

DATE AND CURRENCY

The date of this Circular is May 15, 2025. Unless otherwise indicated, all dollar amounts referred to herein are in Canadian dollars.

PERSONS MAKING THIS SOLICITATION OF PROXIES

This solicitation is made on behalf of Management. It is expected that the solicitation will be primarily by mail. Proxies may also be solicited personally by employees of the Company. Cost of the solicitation will be borne by the Company. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Company who will not be directly compensated for their efforts.

These securityholder materials are being sent to both registered owners (“**Registered Shareholders**”) and non-registered owners (“**Non-Registered Shareholders**”) of common shares of the Company (“**Common Shares**”). Non-Registered Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**” or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**” or “**NOBOs**”).

In accordance with the requirements of *National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company is sending these securityholder materials directly to NOBOs. If you are a Non-Registered Shareholder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary (“**Intermediary**”) holding on your behalf. By choosing to send these materials directly to you, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the voting instruction form. The Company does not intend to pay for Intermediaries to forward meeting materials to OBOs held of record by those Intermediaries and, as a result, OBOs may not receive such materials unless the OBO’s Intermediary assumes the cost of delivery.

Russell Ball was a director of MolyCorp, Inc. (“**MolyCorp**”) from March 2010 until August 2016. In June 2015, MolyCorp filed a voluntary petition for relief under chapter 11 of title 11 of the United States Code in the United States Bankruptcy Court for the District of Delaware. On November 3, 2016, MolyCorp announced that it filed a joint plan of reorganization with the US Bankruptcy Court for the District of Delaware that proposed an emergence from chapter 11 protection and on August 31, 2016, MolyCorp announced that such plan of reorganization became effective and MolyCorp emerged from Chapter 11 protection.

Mr. Ball was also a director of Lydian International Limited (“**Lydian**”) from June 2018 until March 12, 2020. On December 23, 2019, Lydian filed a petition for protection under the Companies’ Creditors Arrangement Act (“**CCAA**”), which was granted to Lydian and its direct and indirect wholly-owned subsidiaries Lydian Canada Ventures Corporation and Lydian U.K. Corporation Limited. A stay was also granted against certain other subsidiaries of Lydian. The supervising court granted an extension of protection under the CCAA until April 30, 2020.

Mr. Ball is currently a director of Trevali Mining Corporation (“**Trevali**”). On August 19, 2022, Trevali made an application to the British Columbia Supreme Court for an initial order for creditor protection under the CCAA, which was granted to Trevali and its wholly-owned subsidiary Trevali Mining (New Brunswick) Ltd. on August 19, 2022. OTHER MATTERS TO BE ACTED UPON

It is not known that any other matters will come before the Meeting other than as set forth above and in the Notice of Meeting, but if such should occur the persons named in the accompanying form of proxy intend to vote on them in accordance with their best judgment exercising discretionary authority with respect to amendments or variations of matters identified in the Notice of Meeting and other matters which may properly come before the Meeting or any adjournment thereof.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the board of directors (the “**Board**”) – the members of which are elected by and are accountable to the Shareholders – and takes into account the role of the individual members of Management who are appointed by the Board and who are charged with the day-to-day management of the Company.

The Board is committed to sound corporate governance practices which are both in the interests of its Shareholders and contribute to effective and efficient decision making.

Board of Directors

The Board has the responsibility for the stewardship of the Company including responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board is responsible for setting long-term goals and objectives for the Company, formulating the plans and strategies necessary to achieve those objectives and supervising senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Company to senior management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The Board is also responsible for protecting Shareholders' interests and ensuring that the incentives of Shareholders and of Management are aligned.

As part of its ongoing review of business operations, the Board reviews, as frequently as required, the principal risks inherent in the Company's business including financial risks, through periodic reports from Management of such risks, and assesses the systems established to manage those risks. Directly and through the Audit Committee, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long term strategy and organizational development plans. Management is authorized to act without Board approval on all ordinary course matters relating to the Company's business.

The Board monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board is also responsible for selecting and appointing senior management and for monitoring their performance.

A copy of the Board mandate is attached hereto as Schedule A.

The Board considers that each of Russell Ball (Chair), Katherine Arnold, Randy Engel, Robert Doyle, Alan Wilson, Audra Walsh and Arndt Brettschneider are "independent" directors in that they are independent and free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of the Company, other than interests and relationships arising from shareholding. Consequently, a majority of the members of the Board are independent. The Board considers that Paul Harbidge, the President and Chief Executive Officer of the Company, is not independent as he is a member of Management.

The Board has established procedures to enable it to function independently of Management and to facilitate open and candid discussion among the independent directors, which procedures include the holding of in-camera independent director meetings following Board meetings to the extent deemed necessary. During the financial year ended December 31, 2024, the Board met without Management and the non-independent director on three separate occasions.

Board members are expected to attend all Board meetings and meetings of Board committees on which they serve. The following table sets forth the attendance record of each director for all Board and Board committee meetings held since the beginning of the financial year ended December 31, 2024.

Position Descriptions

The responsibilities of the Chair of the Board include the efficient organization and operation of the Board. The Chair of the Board is also responsible for ensuring that effective communication exists between the Board and Management and that the Board effectively carries out its mandate. Similarly, the chair of the Audit Committee is responsible for the effective organization and operation of the Audit Committee and the chair of the Corporate Governance and Compensation Committee (the “CGCC”) is responsible for the effective organization and operation of the CGCC.

The Board adopted a Delegation of Authority Policy on December 14, 2021, outlining the authority of the Chief Executive Officer and the Chair of the Board with respect to certain financial matters. Pursuant to the policy, the Chief Executive Officer is authorized to approve: (i) all budgeted expenditures, (ii) unbudgeted expenditures of less than \$100,000 and (iii) overruns of less than \$100,000 for a budgeted service or program. The Chair of the Board is responsible for approving expenditures in excess of such limits, in addition to (i) commitments, guarantees, contracts or similar arrangements valued at \$500,000 or more for at least a 12-month term and (ii) any cumulative expenditures of the Company that exceed the annual budget by \$1,000,000 or more. The Board is currently of the view that the respective corporate governance roles of the Board and Management are clear and that the limits to Management’s responsibility and authority are reasonably well-defined.

Orientation and Continuing Education

When new directors are appointed, they will receive orientation, commensurate with their previous experience, on the Company's properties, business and industry and on the responsibilities of directors. The Board meetings may also include presentations by Management and employees to give the directors additional and ongoing insight into the Company's business. Further, directors are free to contact the Chief Executive Officer and the Chief Financial Officer at any time to discuss any aspect of the Company's business.

Ethical Business Conduct

To comply with its legal mandate, the Board seeks to foster a culture of ethical conduct by striving to ensure the Company carries out its business in line with high business and moral standards and applicable legal and financial requirements. In that regard, the Board:

- promotes honest and ethical conduct, avoids conflict of interest, protects confidential or proprietary information and complies with the applicable government laws and securities rules and regulations;
- encourages Management to consult with legal and financial advisors to ensure the Company is meeting those requirements;
- is cognizant of the Company's timely disclosure obligations and reviews material disclosure documents such as financial statements, management discussion and analysis ("MD&A") and press releases prior to their distribution;
- relies on the Audit Committee to annually review the systems of internal financial control and discuss such matters with the Company's external auditor; and
- actively monitors the Company's compliance with the Board's directives and ensures that all material transactions are thoroughly reviewed and authorized by the Board before being undertaken by Management.

The Board adopted a Code of Business Conduct and Ethics (the "**Code**") on June 22, 2022, to formalize its commitment to conducting its business and affairs in such manner. The Code provides a set of ethical standards for the conduct of the Company's business by each director, officer, employee, consultant and contractor of the Company and its subsidiaries. Compliance with the Code by each director constitutes terms of service, by each officer and employee constitutes conditions of employment and by each consultant and contractor constitutes conditions of providing services to the Company. A copy of the Code is available on the Company's website at www.faradaycopper.com.

The Board is responsible for monitoring and ensuring compliance with the guidelines set out in the Code, including compliance in all material respects, with all applicable financial reporting and accounting requirements applicable to the Company. All directors, officers, employees and consultants of the Company are required to provide an annual certification of compliance with the Code. The Chief Financial Officer is responsible for reporting on such annual certifications to the Board.

Pursuant to the Code, a director is required to recuse himself or herself from any discussion or decision on any matter in which the director is precluded from voting as a result of a conflict of interest or which otherwise affects such director's personal, business or professional interests. The Board also complies with the conflict of interest provisions of the *Business Corporations Act* (British Columbia), as well as the relevant securities regulatory instruments, to

ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Nomination of Directors and Diversity Policy

The Board, with the assistance of the CGCC, considers its size each year when it determines the number of directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

In order to identify new candidates for nomination to the Board, the Board considers the advice and input of the CGCC. The CGCC is comprised entirely of independent directors and assists the Board with identifying individuals qualified to be nominated as directors of the Company. The CGCC is responsible for (i) reviewing the skills matrix of Board members and recommending any skills gaps that may need to be addressed, (ii) identifying and reviewing candidates for appointment or nomination to the Board based upon an assessment of the independence, skills, qualifications and experience of the candidate, including gender diversity and inclusiveness, and (iii) recommending candidates to the Board for consideration.

The Company values diversity of experience, perspective, education, race, gender and national origin as part of its overall annual evaluation of director nominees for election or re-election as well as candidates for management positions. The Company recognizes the benefits of having a diverse Board, and to date has sought to increase diversity at the Board level informally through the recruitment efforts of the CGCC. The Company has not adopted a written policy specifically addressing gender diversity and does not have formal targets with respect to gender diversity at either the Board or executive level. However, the Company will look for appropriate opportunities to increase the percentage representation of women on the Board to at least 30%, including in the event that a casual vacancy on the Board arises or the size of the Board is increased. Currently, two (25%) directors and no executive officers of the Company are women.

The Company has not set mandatory age or term limits for its directors as it is of the view that such a policy would have the effect of disqualifying directors who have developed, over a period of service, increased insight into the Company's business and who therefore can be expected to provide an increasing contribution to the Board.

Audit Committee

The Audit Committee is currently comprised of Robert Doyle (Chair), Russell Ball and Randel Engel. The Audit Committee is principally responsible for:

- (a) recommending to the Board the external auditor to be nominated for election by Shareholders at each annual general meeting and negotiating the compensation of such external auditor;
- (b) overseeing the work of the external auditor;
- (c) reviewing the Company's annual and interim financial statements, MD&A and press releases regarding earnings before they are reviewed and approved by the Board and publicly disseminated by the Company; and
- (d) reviewing the Company's financial reporting procedures and internal controls to ensure adequate procedures are in place for the Company's public disclosure of financial information extracted or derived from its financial statements, other than disclosure described in the previous paragraph.

See the section titled “*Audit Committee*” of the Company’s Annual Information Form, available under the Company’s profile on SEDAR+ at www.sedarplus.ca, for additional information on the Audit Committee, including its charter and the relevant education and experience of its members.

Corporate Governance and Compensation Committee

The CGCC is currently comprised of Audra Walsh (Chair), Russell Ball and Alan Wilson. Each of the members of the CGCC is independent within the meaning of National Instrument 52-110 – *Audit Committees*. The CGCC is, among other things, responsible for (i) reviewing and making recommendations to the Board regarding all forms of compensation to be granted to the Chief Executive Officer of the Company and other senior management and executive officers of the Company, (ii) reviewing the adequacy and form of the compensation and benefits of the directors to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director, and (iii) developing criteria for suitable Board candidates, such as the independence of the individual, operating, technical and financial acumen, and ability to devote sufficient time to the duties of the Board. A copy of the CGCC charter is available on the Company’s website at www.faradaycopper.com.

For further information regarding the CGCC and the Company’s compensation practices, please see the disclosure below under the headings “*Statement of Executive Compensation*” and “*Director Compensation*”.

Majority Voting Policy

The Company has adopted a majority voting policy (the “**Majority Voting Policy**”) in connection with director elections. The Majority Voting Policy provides that, in an uncontested election of directors of the Company, if any director nominee receives a greater number of votes “withheld” from his or her election than votes “for” such election, that director shall promptly tender his or her resignation to the Chair of the Board following the meeting. The CGCC will consider any such offer of resignation and recommend to the Board whether or not to accept it. The CGCC may consider any stated reasons as to why Shareholders “withheld” votes from the election of the relevant director, the length of service and the qualifications of the director, the director’s contributions to the Company, the effect such resignation may have on the Company’s ability to comply with any applicable governance rules and policies, the dynamics of the Board, and any other factors that the members of the Company consider relevant. The Board shall act on the CGCC’s recommendation within 90 days following the applicable Shareholders’ meeting, after considering the factors identified by the CGCC and any other factors that the Board considers relevant. Except where exceptional circumstances would warrant the director continuing to serve on the Board, the Board will accept the resignation of the director. A copy of the Majority Voting Policy is available on the Company’s website at www.faradaycopper.com.

Other Board Committees

Other than the Audit Committee and the CGCC, the Board has no other committees.

Assessments

The Board, with the assistance of the CGCC, regularly evaluates its effectiveness, its committees and individual directors. The CGCC is responsible for (i) annually reviewing and evaluating the Board’s performance and effectiveness and reporting to the Board the results of such assessment and (ii) conducting a bi-annual Board review to obtain and report to the Board the views of individual directors. In addition, the CGCC annually reviews the mandate of the Board, the charters of the Board committees and the principal corporate policies of the Company and recommends any changes to the Board for consideration. The CGCC also assesses annually the size, composition and operation of the Board and the Board committees to ensure effective decision making.

Overboarding and Interlocking Policy

The Board has established an Overboarding and Interlocking Policy with the objective of ensuring that directors have the necessary time and attention to fulfill their duties and to exercise independent judgment in order to create value for Shareholders and other applicable stakeholders of the Company. The CGCC further recognizes that the Company has a role to play in ensuring that diverse and broad perspectives are considered at the corporate level through the establishment of policies that help prevent the concentration of corporate power by smaller groups of individuals. The Company is committed to ensuring that its directors are not burdened by excessive public company board mandates and that more diverse candidates are recruited, selected, and recommended for directorships.

Within the context of creating an accountable and dynamic Board, the Company has committed to the following: (i) directors who serve as an executive officer of any public company are limited to two total public company directorships (i.e. only one outside board); (ii) directors who do not serve as an executive officer of a public company are limited to four total public company directorships (i.e. three outside boards); (iii) no more than two directors may serve on another public company board without the CGCC's consent; (iv) the Company's Chief Executive Officer cannot serve on the board of any other public company where the chief executive officer of that other company serves on the Board; and (v) directors who serve on the Audit Committee are limited to sitting on three public company audit committees in total (i.e. two outside audit committees), provided that directors with demonstrable financial expertise, such as a former chief financial officer, are limited to sitting on four public company audit committees in total (i.e. three outside audit committees).

In determining whether or not to permit more than two directors to serve on the same board, the CGCC will take into account all relevant considerations, including the number of Board interlocks at that time. The CGCC will monitor the outside boards on which the directors serve to confirm each director has the requisite time and attention to fulfill their commitments to the Company, and to determine if there are circumstances that would impact a director's ability to exercise independent judgment. It is expected that directors will inform the Chair and the CGCC before accepting an invitation to serve on the board of any other public company, in order to allow the Chair and the CGCC the opportunity to assess whether such additional responsibilities will compromise the director's time and attention required in the fulfillment of their commitment to the Company and Shareholders or whether a real or perceived conflict of interest will result.

There are no director interlocks among the candidates proposed for election at the Meeting. No director proposed for election at the meeting sits on more than four public company boards in total.

STATEMENT OF EXECUTIVE COMPENSATION

Named Executive Officers

In this section "Named Executive Officer" or "NEO" means: (a) the Chief Executive Officer ("CEO"); (b) the Chief Financial Officer ("CFO"); (c) each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and (d) each individual who would be an NEO under clause (c) but for the fact that the individual was neither an executive officer nor acting in a similar capacity at the end of the most recently completed financial year. As at December 31, 2024, the Company had five NEOs, namely Paul Harbidge (CEO), Graham Richardson (CFO), Zach Allwright (VP Projects & Evaluations), Thomas Bissig (VP Exploration) and Aaron Cohn (VP & Country Manager, USA).

Overview

The CGCC assists the Board with respect to setting director and NEO compensation and assesses and makes recommendations to the Board regarding certain compensation-related matters as delegated to the CGCC by the Board. The compensation of directors and NEOs are reviewed by the CGCC on an annual basis.

The Company's compensation program is intended to attract, motivate, reward and retain the management talent needed to achieve the Company's business objectives of improving overall corporate performance and creating long-term value for Shareholders. The compensation program is intended to reward executive officers on the basis of individual performance and achievement of corporate objectives, including the advancement of the exploration and development goals of the Company.

The CGCC also assists the Board with respect to the establishment of policies and procedures designed to identify and mitigate risks associated with the Company's compensation policies and practices. Such policies and procedures include:

- identifying and reporting on compensation policies and practices that could encourage NEOs or an individual at a principal business unit or division of the Company to take inappropriate or excessive risks;
- discussing the principal risks associated with the Company's compensation practices and overseeing appropriate risk management systems; and
- considering the objectives and performance of the Company when awarding short term incentives, including annual bonuses.

The Board, with the assistance of the CGCC, has determined that, generally, processes and controls are in place to mitigate any risks associated with the Company's compensation policies and practices and, overall, such risks are not significant and not reasonably likely to have a material adverse effect on the Company.

Pursuant to the Company's Insider Trading Policy, directors, officers and employees of the Company are not permitted to enter into any transaction that has the effect of offsetting the economic value of any direct or indirect interest of such insiders in securities of the Company. This includes transactions for the purchase of financial instruments such as prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in the market value of equity securities granted to such insiders as compensation or otherwise held directly or indirectly by such insiders. A copy of the Insider Trading Policy is available on the Company's website at www.faradaycopper.com.

Principal Elements of Compensation

The Company's current compensation program is comprised of three major elements: (i) base salary or fees, (ii) short term incentives such as discretionary bonuses and (iii) long term incentives such as stock options ("**Options**") and other awards under the Company's amended and restated long term incentive plan (the "**Amended and Restated LTIP**").

Base Salary

Base salaries are paid by the Company and are intended to provide an appropriate level of fixed compensation that will assist in employee retention and recruitment. Base salaries are determined on an individual basis, taking into

consideration the past, current and potential contribution to the success of the Company, the position and responsibilities of the NEOs and competitive industry pay practices for other mineral exploration companies of comparable size.

Short Term Incentives

Short term incentives, such as discretionary cash bonuses, are intended to recognize the achievement of certain objectives and milestones on the performance of the Company. The awarding of short term incentives is based upon a Management Scorecard which outlines certain objectives that are mutually determined between Management and the Board. The amount of any short term incentives ultimately awarded are determined based upon the Board's review (with the assistance of the CGCC) of the underachievement or overachievement of such objectives. The objectives set out in the Management Scorecard are broken down into four areas: Geological and Technical; Environmental, Social and Governance; Corporate Development, Marketing, and Investor Relations; and, Finance, Regulatory and Administration. These objectives include both identifiable measures and subjective measures.

Long Term Incentives

As described further under the heading "*Stock Options and Other Incentive Plans*", the Shareholders approved the Amended and Restated LTIP on June 20, 2023. Under the Amended and Restated LTIP, eligible participants, which may include directors and NEOs of the Company, may be granted compensation securities that were not previously available under the Legacy Plan (defined below) including deferred share units ("**DSUs**"), performance share units ("**PSUs**") and restricted share units ("**RSUs**") and together with DSUs, PSUs and Options, "**Awards**"). As such, directors and NEOs of the Company may be compensated with these types of securities. Under the Amended and Restated LTIP, Awards may be granted from time to time in order to (i) increase participants' interest in the Company welfare; (ii) provide incentives for participants to continue their services; (iii) reward participants for their performance of services; and (iv) provide a means through which the Company may attract and retain people to enter its employment. For further details regarding the Company's long term incentive plans, please see the disclosure below under the heading "*Stock Options and other Incentive Plans*".

Stock Options and Other Incentive Plans

Legacy Stock Option Plan

The Company's stock option plan (the "**Legacy Plan**") was adopted by the Board in 2014 and ratified by Shareholders on April 22, 2021. The Legacy Plan is a "rolling" stock option plan, whereby the aggregate number of Common Shares reserved for issuance, together with any other Common Shares reserved for issuance under any other plan or agreement of the Company, shall not exceed 10% percent of the total number of issued Common Shares (calculated on a non-diluted basis) at the time an Option is granted. The Legacy Plan provides that the Board may, from time to time, in its discretion, grant to directors, officers, employees, consultants and other personnel of the Company and its subsidiaries or affiliates, Options to purchase Common Shares. As at the date of this Circular, there were 425,000 Options outstanding under the Legacy Plan. The Company does not plan to make any grants under the Legacy Plan going forward. All Options granted under the Legacy Plan will continue to be governed by the terms thereof.

Amended and Restated Long Term Incentive Plan

On September 2, 2021, the Board adopted a long-term incentive plan (the "**LTIP**") which provides for the granting of Awards (which include DSUs, RSUs, PSUs and Options). The LTIP was approved by Shareholders at a special meeting held on October 15, 2021. Certain amendments were made to the plan in accordance with the terms of the plan on October 25, 2022, in connection with the Company's uplisting to the TSX to conform the plan to TSX

requirements. On June 20, 2023, Shareholders adopted the Amended and Restated LTIP, which amended the LTIP by:

- (a) converting the plan from a fixed reserve plan of 19,296,967 Common Shares to an evergreen plan of 10% of the issued and outstanding Common Shares from time to time;
- (b) removing references to the Canadian Securities Exchange that are no longer applicable; and
- (c) making certain other changes of a “housekeeping nature”.

All prior Awards granted under the LTIP are governed by the terms of the Amended and Restated LTIP. Under TSX rules, plans that are “evergreen plans”, which contain provisions which provide for the replenishment of the number of securities reserved when awards are exercised or settled, must be approved by shareholders upon adoption and every three years thereafter. Consequently, the Company will be required to seek Shareholder approval of unallocated awards under the Amended and Restated LTIP by the Company’s 2026 annual Shareholders’ meeting, provided such meeting occurs on or before June 20, 2026.

Under the terms of the Amended and Restated LTIP, the Board, or if authorized by the Board, a committee of the Company, may grant Awards to eligible participants, being directors, officers, senior executives, consultants, management company employees and other employees of the Company or a subsidiary. Awards may be granted at any time and from time to time in order to: (i) increase participants’ interest in the Company welfare; (ii) provide incentives for participants to continue their services; (iii) reward participants for their performance of services; and (iv) provide a means through which the Company may attract and retain people to enter its employment. Participation in the Amended and Restated LTIP is voluntary and, if an eligible participant agrees to participate, the grant of Awards will be evidenced by a grant agreement with each such participant. The interest of any participant in any Award is not assignable or transferable, whether voluntary, involuntary, by operation of law or otherwise, except upon the death of the participant.

The Amended and Restated LTIP provides that appropriate adjustments, if any, will be made by the Board in connection with a reclassification, reorganization or other change to the Common Shares, consolidation, distribution, merger or amalgamation, in the Common Shares issuable or amounts payable to preclude a dilution or enlargement of the benefits under the Amended and Restated LTIP. In the event that a participant receives Common Shares in satisfaction of an Award during a black-out period, such participant shall not be entitled to sell or otherwise dispose of such Common Shares until such black-out period has expired.

The maximum number of Common Shares reserved for issuance under the Amended and Restated LTIP (with any other share-based compensation arrangement, including the Legacy Plan) is 10% of the aggregate number of Common Shares issued and outstanding from time to time.

In addition, at all times when the Company is listed on the TSX: (i) the total number of Common Shares which may be reserved for issuance to any one eligible participant under the Amended and Restated LTIP together with all of the Company’s other previously established or proposed share-based compensation arrangements shall not exceed 5% of the issued and outstanding Common Shares on the grant date (on a non-diluted basis); (ii) the aggregate number of Awards which may be granted to any one eligible participant under the Amended and Restated LTIP in any 12 month period must not exceed 5% of the issued and outstanding Common Shares calculated on the grant date (on a non-diluted basis); (iii) the aggregate number of Awards to any one eligible participant that is a consultant of the Company in any 12 month period must not exceed 2% of the issued Common Shares calculated at the first such grant date; (iv) the aggregate number of Options to all persons retained to provide investor relations activities must not exceed 2% of the issued Common Shares in any 12 month period calculated at the first such grant date (and including any

eligible participant that performs investor relations activities and/or whose role or duties primarily consist of investor relations activities); (v) Options granted to any person retained to provide investor relations activities must vest in a period of not less than 12 months from the date of grant of the Award; (vi) the aggregate number of Common Shares issuable to insiders of the Company within any one year period and issuable to insiders of the Company at any time, when combined with all of the Company's other security based compensation arrangements, must not exceed 10% and (vii) the aggregate number of Common Shares issuable to all eligible participants under the plan must not exceed 10% of the Common Shares issued and outstanding from time to time.

Unless the Board determines otherwise, the Amended and Restated LTIP provides that Options will vest as to one-half following the first anniversary of the date of grant and one-half following the second anniversary of the date of grant. The exercise price of any Option shall be fixed by the Board when such Option is granted but shall be no less than the three-day volume weighted average trading price of the Common Shares on the TSX on the day prior to the date of grant (the "**Market Value**"). An Option shall be exercisable during a period established by the Board, which shall commence on the date of the grant and shall terminate no later than five years after the date of grant, or such shorter period of time as the Board may determine. The Amended and Restated LTIP provides that the exercise period shall automatically be extended if the date on which such Option is scheduled to terminate shall fall during a blackout period. In such cases, the extended exercise period shall terminate 10 business days following the last day of the blackout-period.

With respect to RSUs, unless otherwise approved by the Board and except as otherwise provided in a participant's grant agreement or any other provision of the Amended and Restated LTIP, RSUs will vest as to one-half each on the first and second anniversary date of their grant. With respect to PSUs, unless otherwise approved by the Board and except as otherwise provided in a participant's grant agreement or any other provision of the Amended and Restated LTIP, PSUs will vest subject to performance and time vesting.

With respect to DSUs, unless otherwise specified in the grant agreement, DSUs shall vest on the last day of the fiscal year for which they are granted. In the event that a termination date falls before the last day of the relevant fiscal year, one-twelfth of the DSUs granted for such fiscal year will vest for each completed month in that fiscal year prior to the DSU termination date and all remaining unvested DSUs will be forfeited on the DSU termination date and have no further value.

DSUs granted to non-director DSU participants will vest to the extent of one-third thereof on each of the first, second and third anniversaries following the year in which the date of the grant falls, provided that the non-director DSU participant continues to (i) be employed by the Company and (ii) at all times following the date of the grant, beneficially own, directly or indirectly, and control at least the same number of Common Shares as he or she beneficially owned, directly or indirectly, and controlled on the date of the grant. On a non-director DSU participant's DSU termination date, all remaining unvested DSUs will be forfeited on the DSU termination date and have no further value.

Upon vesting, subject to any conditions set out in the relevant award agreement, the Board shall determine whether each RSU, PSU and DSU awarded shall entitle the holder thereof (i) to receive one Common Share issued from treasury; (ii) to receive the cash equivalent of one Common Share; or (iii) to elect to receive either one Common Share from treasury, the cash equivalent of one Common Share or a combination of both cash and Common Shares. Once vested, the Awards must be settled no later than December 31 of the calendar year which is three years after the calendar year in which the services in respect of which the Award is granted were rendered.

The following table describes the impact of certain events upon the rights of holders of Awards under the Amended and Restated LTIP, including termination for cause, resignation, termination other than for cause, retirement and death, subject to the terms of a participant's employment agreement:

Event Provisions	Provisions
Termination for cause	Immediate forfeiture of all vested and unvested Awards.
Resignation	Forfeiture of all unvested Awards and the earlier of the original expiry date and 90 days after resignation to exercise vested Awards, or such longer period as the Board may determine in its sole discretion (provided that such Awards expire no later than one year from the effective date of the resignation).
Termination other than for cause	Subject to the terms of the grant or as determined by the Board, upon a participant's termination without cause, the number of Awards that may vest is subject to proration over the applicable performance or vesting period.
Retirement	Forfeiture of all unvested Awards and the earlier of the original expiry date and 360 days after retirement to exercise vested Awards.
Death	All unvested Awards will vest and may be exercised within 360 days after death, provided that any transfer must take place within one year from the participant's death.

In connection with a change of control of the Company, the Board will take such steps as are reasonably necessary or desirable to cause the conversion or exchange or replacement of outstanding Awards into, or for, rights or other securities of substantially equivalent (or greater) value in the continuing entity; provided that the Board may accelerate the vesting of Awards if: (i) the required steps to cause the conversion or exchange or replacement of Awards are impossible or impracticable to take or are not being taken by the parties required to take such steps (other than the Board); or (ii) the Board has entered into an agreement which, if completed, would result in a change of control and the counterparty or counterparties to such agreement require that all outstanding Awards be exercised immediately before the effective time of such transaction or terminated on or after the effective time of such transaction. If a participant is terminated without cause or resigns for cause during the 12 month period following a change of control, or after the Board has signed a written agreement to effect a change of control but before the change of control is completed, then any unvested Awards will immediately vest and may be exercised within 30 days of such date.

The Board may, in its sole discretion, suspend or terminate the Amended and Restated LTIP at any time, or from time to time, amend, revise or discontinue the terms and conditions of the Amended and Restated LTIP or of any Award granted under the Amended and Restated LTIP and any grant agreement relating thereto, subject to any required regulatory and stock exchange approval, provided that such suspension, termination, amendment, or revision will not adversely alter or impair any Award previously granted except as permitted by the terms of the Amended and Restated LTIP or as required by applicable laws.

The Board may amend the Amended and Restated LTIP or any Award at any time without the consent of a participant; provided that such amendment shall (i) not adversely alter or impair any Award previously granted, except as permitted by the terms of the Amended and Restated LTIP; (ii) be in compliance with applicable law and subject to any regulatory approvals including, where required, the approval of the TSX; and (iii) be subject to Shareholder approval, where required by law, the requirements of the TSX or the Amended and Restated LTIP; provided, however, that Shareholder approval shall not be required for the following amendments and the Board may make any changes which may include but are not limited to:

- amendments of a general housekeeping or clerical nature that, among others, clarify, correct or rectify any ambiguity, inconsistency, defective provision, error or omission in the Amended and Restated LTIP;

- changes that alter, extend or accelerate the terms of exercise, vesting or settlement applicable to any Award;
- any amendment to add or amend provisions relating to the granting of cash-settled Awards, provision of financial assistance or clawbacks;
- any amendment regarding the administration of the Amended and Restated LTIP;
- any amendment necessary to comply with applicable law or the requirements of any regulatory body; and
- any other amendment that does not require the approval of the Shareholders, provided that the alteration, amendment or variance does not:
 - increase the maximum number of Common Shares issuable under the Amended and Restated LTIP, other than pursuant to the adjustment provisions;
 - reduce the exercise price or extend the term of any Award held by an insider of the Company, other than pursuant to the adjustment provisions;
 - introduce non-employee directors as eligible participants on a discretionary basis or increase the existing limits imposed on non-employee director participation;
 - remove or exceed the insider participation limit; or
 - amend the amendment provisions of the Amended and Restated LTIP.

Annual Burn Rate

The following table outlines the Burn Rate (as defined below) for the Amended and Restated LTIP and Legacy Option Plan (prior to the adoption of the Amended and Restated LTIP) for the past three fiscal years.

Amended and Restated LTIP ⁽¹⁾	1.06%	0.85%	1.20%
Legacy Option Plan ⁽¹⁾	0%	0%	0%

Notes:

1. The Burn Rate is calculated using the TSX prescribed methodology, which is the total number of Awards granted under the arrangement during the applicable fiscal year, divided by the weighted average number of Common Shares outstanding for the fiscal year ("**Burn Rate**").
2. The LTIP was adopted on September 2, 2021, and superseded by the Amended and Restated LTIP on June 20, 2023.

on October 15, 2021. These Options vest as to 33⅓% on the date of Shareholder approval of the grant, 33⅓% one year from the date of approval and 33⅓% two years from the date of approval.

2. These Options vest as to 50% one year from the date of grant and 50% two years from the date of grant.
3. The value of unexercised in-the-money Options is calculated based on the difference between the exercise price of the Option and the closing price of the Common Shares on the TSX on December 31, 2024, being \$0.74 per Common Share.
4. The value of share-based awards that have not vested is based on the closing price of the Common Shares on the TSX on December 31, 2024, being \$0.74 per Common Share.

Director Share Ownership Requirements

The Company believes that share ownership by the Board is a hallmark of strong corporate governance. The Company's share ownership requirements are intended to create alignment between individual wealth and the long-term performance of the Company. As such, the Board adopted the Share Ownership Policy, which requires all directors to maintain minimum share ownership levels in order to align their interests with those of our Shareholders.

Under the Share Ownership Policy, all directors are expected to acquire Common Shares with a value equivalent to at least two times their annual base salary or annual retainer, as applicable, and may satisfy their minimum ownership requirements with Common Shares, vested and/or unvested RSUs or PSUs, or vested DSUs. Options are not counted towards meeting the minimum requirements.

The share ownership requirements for directors are as follows:

- **Non-employee Directors:** $2 \times$ annual total retainer ($2 \times \$30,000 = \$60,000$)
- **Audra Walsh and Robert Doyle (Committee Chairs):** $2 \times$ annual total retainer ($2 \times \$37,500 = \$75,000$)
- **Russell Ball (Chair):** $2 \times$ annual total compensation ($2 \times \$100,000 = \$200,000$)
- **Paul Harbidge (CEO):** $2 \times$ annual base salary ($2 \times \$300,000 = \$600,000$)

Each director has two years from the later of such person's appointment and the effective date of the Share Ownership Policy to meet these requirements. In the event of an increase in a director's annual base salary or annual retainer (as applicable), such director will have an additional two years from the date of such increase to acquire any additional Common Shares required to meet these share ownership requirements based on their increased annual base salary or annual retainer (as applicable). The Company has the discretion to enforce the share ownership requirements on a case-by-case basis. It is the responsibility of the CGCC to monitor the application of the Share Ownership Policy.

The following share ownership information for directors is provided as at December 31, 2024:

PERFORMANCE GRAPH

The following graph compares the Company's cumulative total shareholder return for the five most recently completed financial years beginning with the financial year-ended December 31, 2020, based on an investment of \$100 in the Company at the start of that period. During the period, the total cumulative shareholder return for \$100 was \$311 or 350%, as compared to \$45 or 45% for the S&P/TSX Composite Index. The Company's CGCC takes into consideration the performance of the Common Shares as an element of executive compensation.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The only equity compensation plans that the Company has in place are the Legacy Plan and the Amended and Restated LTIP, both of which are administered by the Board. The number of Common Shares issuable under the Amended and Restated LTIP, together with all of the Company's other share compensation arrangements (including the Legacy Plan), may not exceed 10% of the aggregate number of Common Shares issued and outstanding from time to time.

The following table sets out those securities of the Company which have been authorized for issuance under equity compensation plans as at the end of the most recently completed financial year.

Plan Category	Number of securities to be issued upon exercise of outstanding options and rights	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by securityholders	16,277,538 Common Shares ⁽¹⁾	\$0.46 ⁽²⁾	4,266,020 Common Shares ⁽³⁾
Equity compensation plans not approved by securityholders	N/A	N/A	N/A
Total	16,277,538 Common Shares⁽¹⁾	\$0.46⁽²⁾	4,266,020 Common Shares⁽³⁾
